

Director Pro

Professional Publisher Series

Advanced Network-Based CD /DVD Publisher

Get the power to burn discs-on-demand with a Director PRO publishing copier system. These network-based publishing systems allows users to initiate unique burns or print jobs from anywhere; even a remote web browser!

Ideal Choice for One-Off Duplication

The Director PRO is ideal for burning one-off unique discs on demand. Since each drive operates fully independent the others, the Director PRO is capable of producing 4 unique discs simultaneously -- no more waiting around for one drive to finish before loading another master. The ultimate in duplicating speed.

Exclusive API Technology

The Included API toolkit allows the Director PRO to be easily and seamlessly integrated into users' existing custom applications to burn CDs/DVDs on demand. Director PRO auto selects CD or DVD based on image selected.

Features Include:

- Includes fully configured external PC
- 4 drives; CD/DVD capable with "spindle select feature"
- In-line direct to disc printing with inkjet and thermal printers
- Processes up to 4 unique jobs simultaneously
- Unlimited job queuing
- Includes Windows client software allowing any computer on your network to access the duplicator publisher
- Precision-reliable "pick and place" robotic automated disc loading
- 450-600 disc spindle capacity (varies with printer choice)

Exclusive Technology

The Director PRO Advanced Publisher features our exclusive frame accurate technology offering enhanced professional audio capabilities. Because of this technology only **MF DIGITAL** duplicators and copiers allow 100% verification of audio CD discs.
