Installing PicoJet Drivers on your MF Digital System.

Step #1 Whether you downloaded the drivers from the MF Digital Website or viewing from the included CD, this is a list of the files you should see. Locate the setup.exe file. The icon is a box with a CD in front of it. It's indicated here by a red circle.	PicodstDrivers File EdX Verre Farcetes Tools Help The EdX Verre Farcetes and setting/sharen/Destbloo/FlooletDrivers File and Funder Tasks PicodstD PicodstD <
When the SETUP is executed, this is the first screen to pop up. Your system is being checked for any previous installation of the PicoJet Drivers.	MF-Digital - Pico Jet 6000 Installing Pico Jet 6000 Installing System 2. Preparing to Install 3. Installing 4. Configuring Your Product Tere Disk Space: 13894712 KB
If no previous drivers are detected, this screen pops up next. Please click the NEXT button to continue with the installation. NOTE: Should a previous version be detected, a prompt asking you to remove the drivers will be asked. Please choose UNINSTALL.	MF-Digital - PicoJet 6000 Welcome to the Install Wizard for MF-Digital icoJet 6000 The Install Wizard will install MF-Digital PicoJet 6000 on your computer. To continue, click Next. WARNING: This program is protected by copyright law and international treates. Before clicking Next, please save all of your work, close any open programs, and temporarily disable your anti-virus program. < Back Next > Cancel

	Found New Hardware Wizard	
Step #2When you're the loader's PC has reloaded Windows, connect the USB cable from your PicoJet 6000 Printer to your loader's USB port.After the PicoJet is connected to the loader's PC. This screen appears.Change the Option "Install from a specific location" by clicking the radial button.Now Click NEXT.	Welcome to the Found New Lardware Wizard This wizard helps you install software for: Picolet 6000 Image: Control of the control	
On this screen, be sure there is a DOT in the Search for the best driver in these locations option. Whether you're loading the drivers	Found New Hardware Wizard Please choose your search and installation options.	
from the CD or if you downloaded the drivers from the website, the procedure is the same.	 Search for the best driver in these locations. Use the check boxes below to limit or expand the default search, which includes local paths and removable media. The best driver found will be installed. Search removable media (floppy, CD-ROM) Include this location in the search: 	
Click the browse button and navigate the path below. X:/enu/drivers/win2kxp	P <u>coJetDrivers as of 11-16-05\enu\drivers\win2k_xp</u> Browse Onn't search. I will choose the driver to install. Choose this option to select the device driver from a list. Windows does not guarantee that the driver you choose will be the best match for your hardware.	
Where X is location of the drive, where the drivers are stored. Then click OK. You will be returned to this screen. Now click NEXT.	Cancel	
	Found New Hardware Wizard Please wait while the wizard searches	
This screen indicates the installation will begin the copying process of the driver files over to the loader's PC.	Picolet 6000
