

Scribe EC PLUS Series

Automated On-board PC-Based CD / DVD Duplication

Endless Configurations, Endless Opportunities

The Scribe 9004ec PLUS PC based copier offers the most versatility and flexibility of any desktop duplicator on the market today. The Scribe 9004ec PLUS can be configured with four 52X CD, or 8X DVD / 24X CD drives with or without thermal or inkjet printing or simply as a disc printing only system. Plus, the ScribeEC 9004ec PLUS features a super-sized maximum 600 disc maximum spindle capacity (depending on printer choice).

Endless Time-Saving Features

The ScribeEC 9004ec PLUS professional grade duplicators are surprisingly easy to operate. In fact, two of its most advanced functions do not even require an operator to be present, saving you time and money. With features including Asynchronous Duplication / Printing and Relay Mode technology, the Scribe9004ec PLUS will duplicate multiple masters and print multiple labels in one continuous, unattended Process.

with OptiEC Printer**

Additional Features

- Endless Configurations - Build the CD / DVD system that meet your needs exactly.
- Enhanced Automation - Provides optimal performance with minimal user intervention
- Includes license-free Network Client Software - Submit, edit or check status of duplication or print jobs from anywhere on your network to single or multiple copiers!
- Industrial Design - Features a durable, steel chassis and aluminum spindles.

Exclusive Audio CD Frame Accurate Drive Technology

The ScribeEC 9004ec PLUS system featuring our exclusive frame accurate technology offers enhanced professional audio capabilities. And thanks to this, MF DIGITAL duplicators are the only ones that allow 100% verification of audio CD recordings.

Built in PC

Typically with PC based copiers, the user must supply a PC. The Scribe 90004ec Plus comes equipped with integrated Windows XP™ based PC. The ideal solution for those who want the flexibility of PC based copier, without the hassle of setting it up.
